

SPRING IS HERE HERITAGE MONTH

NEWSLETTER

SEPTEMBER 2021

FROM THE PRINCIPAL'S DESK

"If we did not have winter, the spring would not have been so pleasant". – Anne Broadstreet

September brings so much happiness to all our learners and staff because it is getting warmer and marks the month of Spring. More importantly, this month of September honors and celebrates our beautiful countries heritage. Heritage Day in South Africa is celebrated each year on 24 September. This month recognizes and celebrates the cultural wealth of our wonderful nation.

We need to keep in mind the diverse population of our country. The living heritage is the foundation of all our communities and a source of identity and continuity. Aspects such as cultural tradition, oral history, performances, rituals, memories, skills, techniques and indigenous knowledge systems and how they interact with nature, society and social relationships is explored during this time. Many of these aspects are covered at school level in subjects such as Life Skills, Natural Sciences and Technology.

We all have a very important role in promoting cultural diversity, social cohesion, reconciliation and peace. In every community there are living human treasures who possess a high degree of knowledge, skills and history pertaining to different aspects of diverse living heritage. We must at all times, reclaim, restore and preserve these various aspects to accelerate the use of heritage to address challenges communities are facing today.

Happy Heritage Day to all our Empro parents, learners and staff

A SPRINGTIME POEM

Springtime I must say is a lovely season,
Although I don't know the reason.
Maybe it's the beauty of the colourful
flowers,
Or maybe taking cool, fresh showers.

Spring is lovely and warm,
But you must be careful not to get a stung
arm.
Talking about bees ...
Aren't you surprised that they're the size of
peas?

Don't you just love the subtle breeze?
Except when you've got to sneeze.
I love the clear, blue sky,
And watching all the wonderful birds soar
high.

SPRING TIME PUNS - FUN FOR ALL

This is the time of year when the bees first come out. Ah, the joys of sting.

Spring is time for many trees and flowers to start blooming—hope you have your allergy meds ready!

Spring is the perfect time to turn I have a pogo stick made out of a vegetable. It's a spring onion.

Spring is here, I am so excited—I wet my plants.

Finally my winter fat is gone, I now only have spring rolls.

MY HERITAGE

My culture represents my roots. My traditions represent my being. My religion represents my faith. My language is my heritage.

My tradition, my freedom. What is heritage to me? It is centuries of love and tradition passed on from one generation to another. Even if the scene has changed.

Heritage is everywhere—and in South Africa—you can almost touch it, it is so rich.

I am South African and heritage is very important to me. You don't have to be embarrassed of your traditions of your language. It is part of you and me!
